**Brian Agee Named Director of Sales  
At The View on Water Street**

Brian N. Agee has been named Director of Sales at The View on Water Street, a \$70 million luxury condominium in historic Downtown Wilmington.

The View on Water Street features a limited edition of 71 condominiums in a striking, contemporary 11-story building overlooking the Cape Fear River and the downtown area, with prices from \$379,000 to over \$1.5 million for the penthouse.

The View residents will enjoy an elevated lifestyle crowned by a private rooftop pool with grill, bar and gardens. Other amenities include a billiard and media room, fitness center, private beach shuttle, parking and concierge service, according to Carolyn Grant of TAC Development, developer of The View.

Agee was appointed Director of Sales by ESI of Wilmington and Orlando, the exclusive sales and marketing firm for The View. He has over 15 years experience in the resort and residential real estate industry, most recently with Ginn Clubs & Resorts in Florida, where he ranked among the company's leading sales executives.

Agee is a 1993 graduate of The University of North Carolina. He and his wife Shannon, a UNC-Wilmington graduate, have two sons – Sam, 9, and Max, 7.

“Shannon has wanted us to get back to Wilmington for the last 12 years, and when ESI called us about The View position, we jumped at the chance,” Agee said. “In our minds, Wilmington is the ideal place to call home.”

Agee enjoys golfing, jogging, fishing, and mostly spending time near or on the water with family and friends.
